Special Price List

OF STANDARD NORTHERN-GROWN

1902

Vegetable and Flower Seeds

ISSUED BY

BUDD D. HAWKINS,

Seed Farmer and Merchant,

ESTABLISHED 1878.

Reading, Windsor Co., Vermont.

Orders sent me soon after receipt of this list will receive prompt attention, and greatly contribute to my convenience.

Delays in filling orders as the season advances become unavoidable, by reason of the press of business.

Improved Large Red Trophy Tomato.

Prices Here Quoted

free on board the Central Vermont,

are subject to goods being unsold on receipt of order. I reserve the right to change prices at any time without notice. All goods will be carefully packed and delivered Boston & Maine or Rutland Railroads, after which they will be at purchaser's risk.

TERMS CASH.—A discount of one per cent a month will be allowed on all payments made before June first.

TERMS OF CREDIT.—To regular customers, and well-known houses, all bills are due June 1st, without regard to date of purchase.

PRICES, ETC.—The Low Prices herein quoted do not include free transportation.

SEEDS BY MAIL.—When desired, small packages will be forwarded by mail at 8c per pound, 16c per quart. extra.

NO CHARGES FOR PACKING. Barrels, boxes and bags will be charged at value.

Experience has proved that seeds grown in a northern climate will produce stronger, healthier and earlier plants than those grown at the south, west, or even in Europe. Budd D. Hawkins' Seed Gardens are located the farthest north of any in the United States, in the most beautiful and fertile valley of the Green Mountain State, and have long been celebrated for producing seeds of a superior quality.

Remember: From Good Seeds Only Can Good Vegetables be Obtained.

Quick Shipment,
Central Location,
Reliable Stock.

White Sweet German Turnip.

Superior Yellow Globe Danvers Onion Seed.

The Best Is the Cheapest!

The stock I offer was grown from choice selected seed onions of the true globe shape. Onions of this type will always command a much higher price in the market than any other.

In order to raise the best onions, you must have the right kind of seed—seed that is raised from thoroughly true and carefully selected stock. This must be persevered in yearly. It is only by such careful and thorough selection that the best results are obtained. Such seed is cheap at almost any price to the market farmer, while poor seed, or seed that is grown from all shapes and sizes, as much of it is, is dear at any price. I offer a splendid stock of the above variety, also of the Wethersfield Red. The best is the cheapest in the end.

Yellow Globe Danvers Onion.
